7 (Level 3)	< 3'6"	18	YELLOW	Table II, Sec 2B	
		19	WHITE	Table II, Sec 1	
		20	BLACK	Table III	

Scoring of Classes

<u>PINK & PURPLE</u> courses Clear Round, Optimal Time	Short, basic courses. Penalties are accrued for faults incurred over the course and for number of seconds over or under optimal time.
<u>YELLOW</u> course Table II, Section 2B	If a competitor goes clean in the 1 st round, the competitor, without leaving the ring, upon an audible signal, commences the designated jump-off course. [If necessary, a competitor with a clear 1 st round may dismount, and with or without assistance, adjust tack provided they remount and begin their jump-off within the prescribed 45 seconds.] The 1 st round and jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. [We will break jump-off ties by time taken.] If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults.
<u>WHITE</u> course Table II, Section 1	Only one round is ridden. This round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clean rounds or equal faults are classified according to their time taken to complete the course.
<u>BLACK</u> course Power/Speed	If clean over the "power" phase, the competitor continues on immediately into the "speed" phase of the course. Lots of fun!

Protective headgear required ~ Please bring proof of neg coggins
